

# **BUXTON** BREWERY **TRACKSIDE**

As brewers, we know just how important the provenance of our raw materials is. With so few ingredients involved in brewing, the quality of what we put in is directly proportionate to the quality that comes out. We adopt this very same ethos with our burgers by sourcing higher welfare beef from Dukes Drive Farm, just 400 yards away from where you are sat. Look out the window and you will probably see some of their herd of Limousin cattle grazing on the other side of our stone wall. Provenance is everything.
