ABOUT OUR GIN

At Sock & Buskin, we pride ourselves on our craftsmanship and links to our local environment. We are proud to serve our very own gin, developed and perfected by our team and distilled to offer you the highest quality small batch London dry gin possible.

Botanicals found in our Sock & Buskin Gin include many of the classics - Juniper, Cardamom, Fresh and Dried Lemon Peel, Coriander Seed, Liquorice Root, Angelica and Orris Root.

Beyond the classic herbs and spices that are traditionally found in London Dry Gins, we have selected further ingredients that can be foraged all over the Peak District including Gorse Berries, Heather and Water Mint for provenance.

Why not take a bottle home with you?
